

Happiness on the Roof

Join us in spreading 'Happy Electricity' across India, bringing smiles and savings to all.

About Sunnyday Solar

SUNNYDAY SOLAR is the fastest-growing, full-service, end-to-end Solar Company in Kerala.

We bring seamless integration and top-notch quality to every project. From sales to installation, we handle it all in-house, ensuring complete control over your solar journey. As a company, we are obsessed with completing installations as rapidly as possible. We are equally committed to completing our installations to the best possible quality standard.

We do not outsource anything. Everything is done in-house- design, engineering, permits, installations, and electrical work. In short: everything. It's solar made simple, just for you.
